

For the first time, your furry friend will enjoy a night of rest in a crate that takes advantage of their natural curves and nesting patterns.

The Pawd is a unique and revolutionary product designed to mimic the sleeping habits and patterns of both cats and dogs alike. From sleeping and napping, to travelling, this kennel does it all - and looks stylish doing it!

- Ideal for pets up to 25 pounds.
- 21" wide x 24" deep x 18" high (16" inside height)

 **Manufactured in Canada.**

 **100% recyclable materials.**

FEATURES	BENEFITS
Virtually indestructible	Manufactured from high density, high-impact polyethylene to ensure durability and guarantees years of use. <i>The body of The Pawd carries a lifetime warranty, and is also 100% recyclable.</i>
Lightweight and portable	Weighing only 8 pounds, The Pawd is easily carried, unlike a traditional kennel. Custom designed plastic handle provides a solid gripping surface for moving.
Innovative and modern design	Featuring a flat-bottom with no ridges, unique curved wall, and patterned vents to maximize comfort and air flow. The unique shape of The Pawd utilizes the curled position your pet sleeps in, to create a cozy and protective nest. Design also makes it virtually indestructible.
Safe for transport	The unique gate and latch system are painted stainless steel and are fully approved by Transport Canada for use on airplanes and any other transport you might choose.
Low maintenance	The Pawd is virtually maintenance free. Simply hose it down in your back yard or wipe it out with your favorite cleaning product. A soft cloth restores the exterior to it's original gloss.
Modern Design	Unique design is sleek and stylish enough to suit any room. Available in Blue, Brown, Grey, Ivory, Pink, Red and Black. Custom colors are also available upon request.
